(SOUTH PLAINFIELD, NJ) - Comstar Interactive is pleased to announce the latest upgrade to the Comstar Dealer Zone. The Dealer Zone is the place where our valued sales partners log on to create new merchants, edit existing merchant accounts, order Comstar products and services and view user guides and marketing material.

The new release version, 10.4.0, now allows sales partners to view their pricing plans and commission/billing reports. Different access levels are set based on employee rank and are established when the user is created.

- **Manager** – Can create and manage accounts and devices, purchase licenses and view channel pricing plans, commission/billing reports, and all other documents located here.
- **Regular Employee**- Can create and manage accounts and devices, but does not have access to view pricing plans and commission/billing reports.
- **Restricted Employee** – Only has access to training, marketing and sales material. Has no access to creating and managing accounts, pricing plans or commission/billing reports.

“This enhancement will benefit all of Comstar’s channels by providing important information they require, in one centralized location. We strive to make our Dealer Zone information intense, but simple to use and navigate, making our channels lives easier ”, said Ken Racioppi, VP of Sales at Comstar Interactive.
