

## Press Release

### Comstar Dealer Zone Provides 100% Merchant Portability

September 7, 2006

SOUTH PLAINFIELD, NJ- Comstar Interactive is pleased to announce the latest enhancement to the Comstar Dealer Zone, a valuable web-based service where Comstar's sales partners can activate new merchants, edit existing merchant accounts, order Comstar products and services and view user guides and marketing material.

The latest release (version 10.6.0) provides Comstar sales partners with a quick and easy web-based interface to migrate a single merchant or an entire portfolio to a new processor.

*" Many of our sales partners / channels don't realize that Comstar provides total merchant portability. As long as all credit card terminals are loaded with the Comstar protocol, channels can move blocks of merchants to different platforms/front ends in seconds without having to re-download any of the terminals. The end result is that the ISO, not the processor, now retains the ownership of their merchants!"* said Ken Racioppi, VP of Sales Operations at Comstar Interactive.

Comstar provides numerous products for their channels to sell including, but not limited to, Charge Anywhere<sup>®</sup> software for VeriFone Omni and Vx terminals, Treo, and Pocket PC, Charge Anywhere<sup>®</sup> hardware, Comstar Payment Gateway Plug-In designed to work with QuickBooks<sup>®</sup> and gateway services for wireless, IP, Wi-Fi, and landline terminals..

If you are not currently signed up with Comstar as a Dealer or Reseller and would like more information, please contact [sales@comstarmail.com](mailto:sales@comstarmail.com) or call 800.211.1256 x 150
