

PRESS RELEASE

Comstar Interactive Celebrates ComsGate™ Payment Gateway One Billion Dollar Payment Processing Milestone

South Plainfield, NJ – December 10, 2007 - Comstar Interactive, a leading provider of secure Point of Sale (POS) solutions and electronic payment services, announces that ComsGate™, its proprietary Payment Card Industry (PCI) Level1 Compliant payment gateway, surpassed the one Billion Dollar mark in processing secure electronic payment transactions for merchants and retailers across the country. Spurred on by an ever-increasing demand for wireless and Mobile payment solutions, ComsGate processing volume will exceed \$500 million dollars for the 2007 calendar year alone.

With thousands of subscribers across North America, ComsGate payment gateway successfully and securely processes and authorizes millions of payment transactions for merchants in various industries through POS devices, virtual terminals, Smartphones, PDAs and e-commerce environments. Highly regarded as the most robust and feature rich IP and wireless payment gateway in the industry, ComsGate is powered by enhanced data security and encryption technology. Offering merchant subscribers a state-of-the art PCI Level 1 compliant data center that maintains an uptime rate of 99.99%, it is certified and maintains dedicated connections to all major processors and wireless carriers. Other ComsGate key features include:

- Accepts all payment types – credit and debit cards, contactless payments
- Seamlessly integrates with Comstar's PABP validated Charge Anywhere® Point of Sale Software, designed for QuickBooks®, Smartphones, POS terminals and E-commerce solutions
- PCI DSS Level 1 compliant since 2004
- Real-time transaction reporting via ComsGate Transaction Manager
- Processor Neutral, multi-device and multi-platform capable
- Merchant level billing services
- Free Virtual Terminal for every subscriber

"Since our inception, and upon implementation of the ComsGate Payment Gateway we have continually added features, functionality and value added solutions which have exceeded the expectations of our merchant customers and sales partners," stated Paul Sabella, CEO of Comstar Interactive. "We are very pleased with the market acceptance and utilization of ComsGate for processing wireless, mobile, e-commerce and web based point of sale transactions and payments. This notable milestone is attributed to the ongoing support we receive from our channels partners and subscribers. Because of these valuable partnerships, we have been able to meet the demand of mobile merchants seeking comprehensive point of sale solutions for their wireless, mobile and QuickBooks® integration needs."
