

CHARGE Anywhere® Certifies the BlackBerry® Bold Smartphone

SOUTH PLAINFIELD, NJ (January 29, 2009) – CHARGE Anywhere®, a leading provider of secure Point-of-Sale (POS) solutions and electronic payment services and a BlackBerry® ISV Alliance Partner, is proud to announce the release of the latest version of its industry leading mobile card payment software application supporting the new BlackBerry Bold Smartphone. The BlackBerry Bold is sleek, fast, loaded with multimedia features, and is now available with CHARGE Anywhere's card payment functionality.

CHARGE Anywhere specializes in secure mobile point of sale turnkey solutions that encompass software, hardware, security services, and support for mobile merchants. With many secure PA DSS compliant software applications and its top-of-the-line PCI DSS Level 1 secure payment gateway, CHARGE Anywhere provides end-to-end secure solutions that enable merchants to accept credit cards anywhere, any time.

"With the certification of the BlackBerry Bold, CHARGE Anywhere once again solidified its leadership position in providing the latest in secure, wireless credit card solutions to our valued customers and partners", said Paul Sabella, President and CEO of CHARGE Anywhere.

"CHARGE Anywhere works tirelessly to provide best-of-breed solutions to the market as evidenced by the recent addition of support for the BlackBerry Bold", said Dmitriy Lerman, Director of Marketing Programs and Products at CHARGE Anywhere.

The CHARGE Anywhere team strives to be on the leading edge, providing continuous integration with the latest technologies, while maintaining iron-clad security. The addition of the BlackBerry Bold Smartphone to CHARGE Anywhere's portfolio of supported solutions extends the benefits of this new and exciting technology to CHARGE Anywhere's customers. As such, CHARGE Anywhere's customers can rest assured that CHARGE Anywhere will work with them to deliver cutting-edge solutions for today and tomorrow.
