

CHARGE Anywhere and Tripoint Communications Deploy Wireless Point of Sale Solutions in the Bahamas and the Turks & Caicos Islands

SOUTH PLAINFIELD, N.J. USA and Nassau, Bahamas (January 15, 2009) – CHARGE Anywhere®, a leading provider of wireless PCI PA DSS compliant Point-of-Sale (POS) solutions and electronic payment services, is proud to announce its deployment of wireless payment terminals with Tripoint Communications, the premier provider of POS services, vertical payment solutions, and airtime in the Bahamas and The Turks & Caicos Islands.

Several months ago Tripoint and CHARGE Anywhere joined forces to deliver next generation secure payment solutions to the Caribbean. The solutions include PA DSS secure mobile payment platforms, signature capture, and payment gateway services based on ComsGate®, CHARGE Anywhere's PCI DSS Level 1 compliant gateway. By offering these solutions, CHARGE Anywhere and Tripoint enable their merchant base and member banks to use advanced security, take comfort in unprecedented reliability, and rely on free, expert technical support, installation, and training provided by CHARGE Anywhere as part of its turnkey Enterprise solution offering.

"In this era of advanced information and communications technology, Tripoint is pleased to join forces with CHARGE Anywhere and be the first to bring mobile payments to the Bahamas and the Turks & Caicos Islands. This falls right in line with the tenants of our mandate" stated Chris Brown at a recent launch meeting with clearing banks in Nassau, Bahamas.

"The wireless terminals provide so much convenience for me. I don't have to send tourists to the bank anymore. I can complete a sale right here, right now" states a craft vendor in the Nassau Straw Market.

"We are excited to welcome Tripoint into our exclusive family of Enterprise solution providers," says Paul Sabella, President and CEO of CHARGE Anywhere, "We are looking forward to a long and productive relationship with Tripoint and to delivering affordable and secure wireless payment solutions and services in the Caribbean."

The CHARGE Anywhere and Tripoint collaboration opens a new chapter for both organizations, broadening their horizons in innovation, technology, geography, and resources. With new vigor, both Tripoint and CHARGE Anywhere are excited to convert the strength of this collaboration into tangible benefits for their customer base.

About Tripoint: Tripoint provides Point of Sales equipment, vertical payment solutions and support to local banks and merchants. Incorporated in 1998, Tripoint operates from its main office at 157 Nassau Street, Nassau Bahamas and four strategic locations throughout the Bahamas and the Turks & Caicos Islands.

About CHARGE Anywhere: CHARGE Anywhere® is a leading provider of secure Point of Sale solutions and electronic payment services. Their proprietary mobile payment and integrated solutions designed for use with QuickBooks®, Smartphones, e-commerce environments, and the Web Terminal ensures Payment Card Industry compliance via the ComsGate® payment gateway.
