

CHARGE Anywhere® Wins 2010 Mobile Merit Awards Best Overall Enabler Application

South Plainfield, NJ (May 24, 2010) - CHARGE Anywhere® won first place in the Overall Enabler App Category in the 2010 Mobile Merit Awards. The award was provided to the company that has demonstrated an overall excellence in developing an enabling application for consumers and businesses.

According to MobileMeritAwards.com, the awards recognized *"companies, individuals and technologies that have shaped the way in which the world communicates, the 2010 Mobile Merit Awards winners and runner ups were announced [May 19]. Through nominations, the Mobile Merit Awards notes the excellence achieved in the global mobile industry. This year's winners were judged based on industry impact, innovation, technologies, social importance, implementation and overall success factor."*

"On behalf on bnetTV, I am honored to participate in the Mobile Merit Awards in order to lend expert knowledge towards recognizing industry innovators leading the way in the mobile space," said judge, Michelle Sklar, Lead Host and Producer, bnetTV.com.

CHARGE Anywhere®'s mobile payment POS solutions are PA DSS validated for BlackBerry®, Windows Phone®, JME™, BREW® and Android™ Smartphone Operating Systems, which all enable merchants to quickly, easily and securely accept credit, debit, prepaid, and gift card, payments and manage their business at the point-of-sale or point-of-service anytime, anywhere.

The solution offers unique business data collection features, including driver/clerk name capability and more, plus the ability to record the GPS location of events/transactions, integrated back office accounting, multiple reporting options, a Bluetooth® receipt printer and card swiper, electronic signature capture on compatible BlackBerry and Android smartphones and many more business savvy options.

CHARGE Anywhere's solutions are also winners of the 2010 CTIA E-Tech Awards in the Mobile Applications - Mobile Payments Category, the 2009 Best of Interop-PCI Security Solution Award and the 2009 Electronic Transaction Association Technology Innovation Award.
