

ComsGate® Payment Gateway

ComsGate® Payment Gateway is Payment Card Industry (PCI) Level 1 compliant and efficiently processes millions of wireless, mobile, e-commerce and web-based Point of Sale (POS) transactions. Processor, network and device neutral, ComsGate accepts all payment types and provides real-time access to transaction data and activity reporting via its web-based Transaction Manager.

ComsGate seamlessly integrates with CHARGE Anywhere® - PA DSS validated Point of Sale software for a closed loop, secure end-to-end solution. Powered by a state of the art data center that maintains 99.99% uptime with dedicated connections to all major processors and wireless carriers, ComsGate is the most secure, robust and feature rich IP and wireless payment gateway in the industry. It's the perfect solution for ISOs who want to take full ownership of their merchant portfolio.
