

Web & eCommerce Solutions

Choose from a variety of web-based and eCommerce products to offer your merchants a customized payment solution that meets all of their needs.

Web Terminal

Merchants can accept ACH payments, swipe credit cards to receive 'card present' rates or key-in transactions from any computer.

Merchant Benefits:

Avoid expensive terminal, network and hardware costs by using any internet connected computer.

All transactions are 100% secure using 128-bit encryption.

Use a card reader to swipe card payments and obtain 'card present' processing rates.

No software to install, integrations or programming needed.

Perfect For:

- ✓ MOTO merchants
- ✓ Retail merchants

eCommerce Payment Gateway

Merchants can accept credit card and ACH payments online by creating secure payment forms, buy now buttons or integrating into major third-party shopping carts.

Merchant Benefits:

Get started in minutes accepting credit card and ACH payments online.

Intuitive web interface to create payment forms, customize receipts and manage transactions.

Plug in the eCommerce Payment Gateway to any major third-party shopping cart to enable credit card payments.

Free API available for integration into custom web-sites.

Perfect For:

- ✓ Established online merchants
- ✓ Beginner online merchants
- ✓ Non-Profits

Customer Payment Manager

Merchants can store customers' payment information on CHARGE Anywhere's PCI secure servers, create recurring transactions and process credit card and ACH payments.

Merchant Benefits:

Store your customer's payment information in a secure cloud database.

Set up recurring billing and automatically get paid on time.

Save on hardware and software costs associated with security, backups and networking by managing your account from any computer.

Perfect For:

- ✓ MOTO merchants
- ✓ Recurring invoices
- ✓ Subscriptions
- ✓ Retainers

Bill Presentation

Enable merchants to email invoices and collect credit card and ACH payments with their own PCI secure online payment form hosted by CHARGE Anywhere.

Merchant Benefits:

Improve cash flow by getting paid quicker.

Go Green and reduce costs associated with wasteful printing and mailing invoices.

Eliminate manual payment processing, clerical errors and daily trips to the bank.

Perfect For:

- ✓ Any merchants sending invoices
- ✓ Accounting departments
- ✓ Professional Services

Web Payment Suite

The Web Payment Suite includes all the features of Web Terminal, eCommerce Payment Gateway, Bill Presentation and the Customer Payment Manager in one complete solution. Enable merchants to run their business with powerful eCommerce tools to accept credit card, debit card and ACH payments online. Merchants can swipe cards, email invoices, manage customer payment information and setup recurring billing while maintaining PCI compliance.
