

Charge Anywhere Certifies ID TECH EMV Hardware Lineup with the ComsGate Gateway and QuickSale Payment Application

South Plainfield, NJ, November 6th, 2018 - [Charge Anywhere® LLC](#), a leading provider of award-winning, secure payment applications and payment gateway solutions, recently announced an EMV Level 3 certification of its QuickSale® payment software combined with the [ID TECH Augusta S](#) EMV & Mag Stripe Reader to the First Data Rapid Connect platform. This EMV certification allows Charge Anywhere to enable Augusta S family point of sale devices for EMV payments using the First Data Nashville, Omaha, Atlanta and South platforms via Rapid Connect.

The Augusta S EMV certification is extended to the entire ID TECH family of EMV hardware products, adding 13 new EMV hardware products for attended and unattended payments including the MiniSmart II, UniPay, Spectrum Pro and the VP series.

"With this most recent First Data EMV certification, the ComsGate/QuickSale with ID TECH combination broadens our omni-channel payments technology capabilities. Merchants and merchant acquirers need robust mPOS, unattended POS, cloud POS, terminal POS applications, e-commerce and payment gateway services, and ComsGate/QuickSale delivers these solutions and more," stated Paul Sabella, Charge Anywhere's Chief Executive Officer. "ID TECH devices are a perfect fit for Charge Anywhere's broad array of EMV solutions which enable the last mile of payments anywhere."

"Charge Anywhere and ID TECH have partnered together by deploying mPOS solutions for over 8 years and this new certification of ID TECH products expands our offering in new directions," said Justin Ning, Vice President of Product Management/Marketing at ID TECH. "With contact and contactless EMV solutions for unattended, attended, mPOS and OEM implementations, merchant acquirers can leverage ComsGate/QuickSale and ID TECH products to accept electronic payments virtually anywhere."

About Charge Anywhere (www.chargeanywhere.com)
