

Charge Anywhere powers Mobile Payment Platform for AZUL in the Dominican Republic

June 15, 2017 (South Plainfield, NJ and Santo Domingo, D.R.) – Charge Anywhere, a financial technology solutions leader, and AZUL, a payment brand of Servicios Digitales Popular, a subsidiary of Grupo Popular, have announced that AZUL recently launched AZUL GO!, a mobile payment acceptance application utilizing Charge Anywhere’s mPOS platform to merchants in the Dominican Republic.

“Charge Anywhere has deep expertise in deploying Chip and PIN EMV technology and we are excited to partner with AZUL to bring mobile EMV mPOS solutions to merchants in the Dominican Republic,” commented Paul Sabella, CEO of Charge Anywhere. “Our robust payment application, transaction and remote terminal management portals provide AZUL with the ability to provide remote PIN key injections on POS terminals, payment application updates, and special security features from a centralized back office which will greatly lower the costs and complexities associated with deploying and managing their merchant base.”

“With AZUL GO! our innovative streak continues. We focus on offering our clients world class solutions that fit their needs”, remarked Eugene A. Rault Grullón, General Manager of Servicios Digitales Popular. “This mobile point of sale (mPOS) creates flexibility and mobility for those merchants who require a state-of-the-art terminal to bring the business to the client, offering them a first class payment experience, thanks to our partnership with Charge Anywhere”.

About AZUL: AZUL is the payment affiliation mark of Servicios Digitales Popular, a subsidiary of Grupo Popular. Since their launch, three years ago, they have revitalized the payments market in the Dominican Republic with the introduction of several innovative offerings that meet the needs of all types of business necessities, accompanied by exceptional service. They are located in the 5th.Floor of the Business Tower, Av. 27 de Febrero No. 256. Ensanche Piantini, Santo Domingo, RD. Visit www.azul.com.do
