

Charge Anywhere to distribute certified PIN on Glass and Rugged Android POS Terminals

October 21, 2018 - Las Vegas, Nevada – Charge Anywhere and WizarPOS are pleased to announce a distribution agreement that will bring the WizarPOS line of Android POS terminals to the U.S. and Latin America & Caribbean markets. Today the companies announce the US certification and market launch of the rugged/portable Q1 terminal and the PIN on glass Q2 terminal at the Money 20/20 conference in Las Vegas.

Charge Anywhere has completed a card brand end to end contact EMV certification on the First Data Rapid Connect Platform and is now accepting orders for the QuickSale/ComsGate solution with WizarPOS terminals in the U.S.

The WizarPOS Android POS Terminal line includes the Q1, a ruggedized, portable Android terminal and the Q2, a countertop Android terminal. The Q1 is perfect for mobile merchants and includes a 4" color display, physical PIN Pad, high speed 2¼" receipt printer and a removable battery. The Q2 integrates a 5.5" color display with PIN on glass and a high speed 2¼" receipt printer. Both terminals also support contactless, WiFi and wireless (GSM) communication. Options include a bar code scanner and fingerprint sensor.

Charge Anywhere's QuickSale Payment Application will power the WizarPOS terminals. With over 50,000 deployments, QuickSale is a powerful, feature-rich and flexible payment application. "The QuickSale WizarPOS terminals deliver a powerful combination of application functionality and deployment services at a price that will improve your bottom line. The QuickSale app manages your POS terminal encryptions, downloads and settings remotely, saving valuable time and effort in managing your estate of merchants and devices," said Paul Sabella CEO of Charge Anywhere. Charge Anywhere is working to complete additional payment processor EMV certifications for the U.S. and LAC markets in 2019.

"WizarPOS is pleased to partner with Charge Anywhere to bring our Q1 and Q2 terminals to the U.S. and LAC markets," commented Kaishen Zhu CEO of WizarPOS International Co., LTD. "WizarPOS has a sole focus on Android payment terminals which provides an open platform while Charge Anywhere's team has over 20 years merchant service experience and the strong capability of innovation. The QuickSale application takes full advantage of features available on our terminals."
