help grow your business

Elo Paypoint

AZT A1088

Android Tablet

## Multiple Hardware Configurations

Whether you prefer Elo's trusted technology, the AZT all-in-one or opt to use your own Android tablet, QuickSale POS has you covered.

## The Features You Need

- Use promotions, discounts, and the customer database to support your marketing efforts
- View sales reports and analytics to make intelligent, data-driven decisions about your business
- Allows for multi-store functionality to continually support your growing business
- Make inventory management a breeze by using item variants

## The Benefits You Deserve

- Reduce ownership cost to a fraction of traditional POS systems
- Increase profitability by keeping tighter control over sales and inventory
- Mobility to expand your retail environment —creating a pop-up store wherever you go
